GRANDPARENTS SAFETY PLEDGE

—My loving reminders

AT HOME

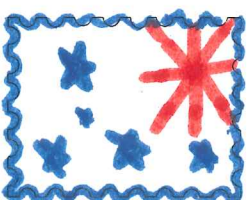

- I supervise my grandchildren at all times when they are in my care.
- I have properly installed and maintained smoke alarms on every level and in every sleeping area of my home.
- I set my water heater thermostat to 120°F or below to prevent scald burns.
- I keep all matches and lighters locked up and out of sight and reach of my grandchildren.
- I keep poison control center information (1-800-222-1222) near the phone and a complete first-aid kit readily available.
- I keep all medications, vitamins and household products in their original containers, locked up and out of sight and reach of my grandchildren.

AT PLAY

- I supervise my grandchildren around water at all times and have a gate around my pool.
- I make sure my grandchildren always wear the right safety gear whenever riding bikes, skating and playing sports. (*Children under age 18 are required by California law to wear helmets when biking, riding a scooter, inline skating or skateboarding.*)

ON THE WAY

- I use car seats and buckle up my grandchildren correctly on every ride. (*California children under age 8 must be properly buckled into a car seat or booster seat.*)
